## Alexandria Police Department

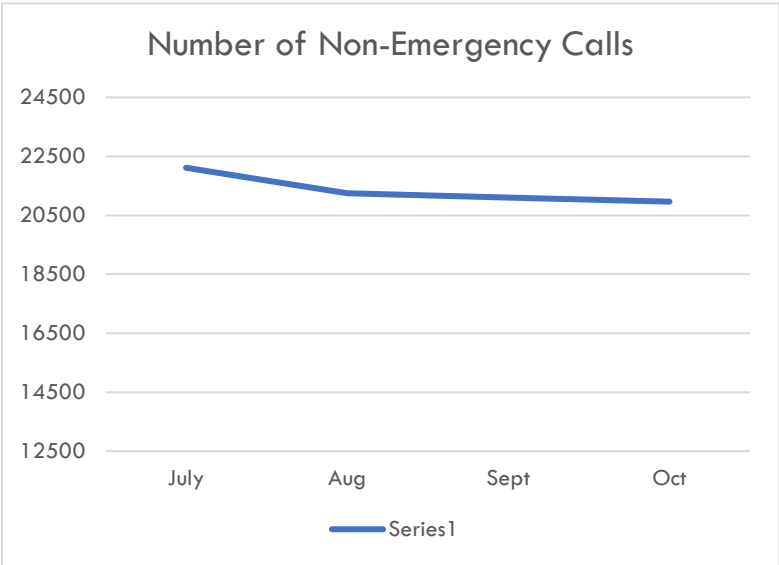

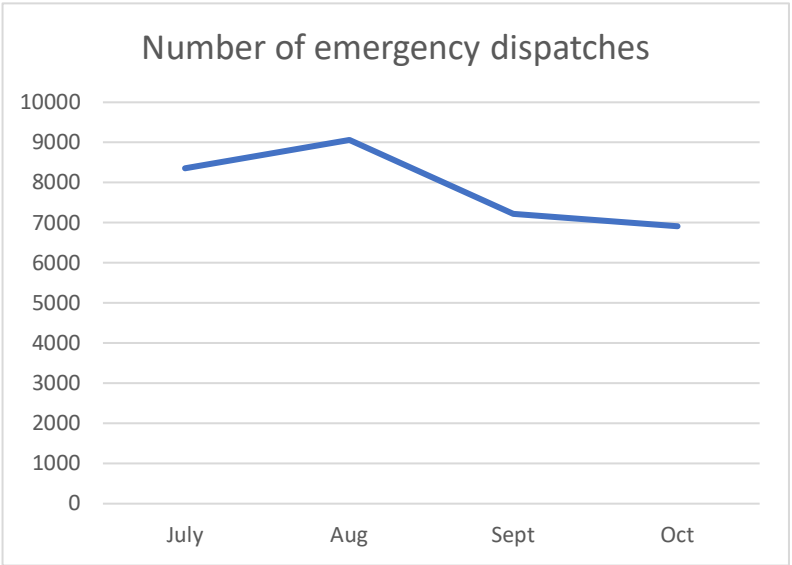

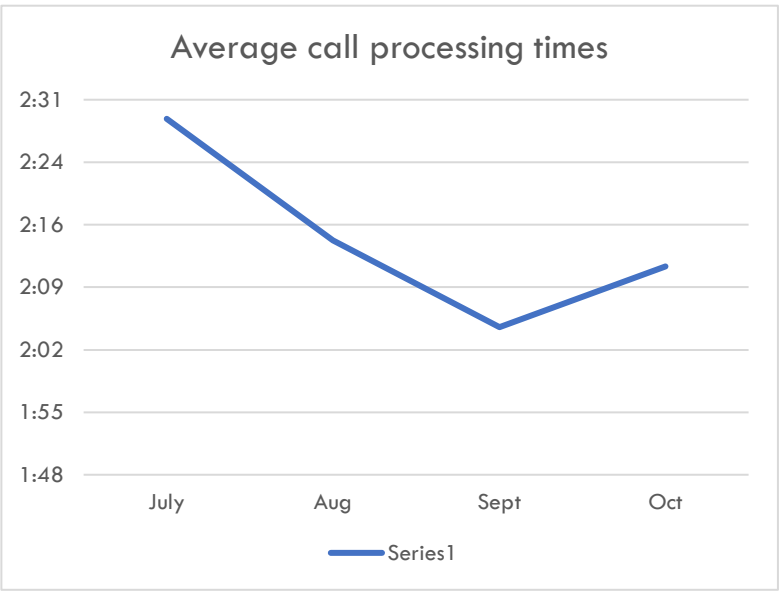

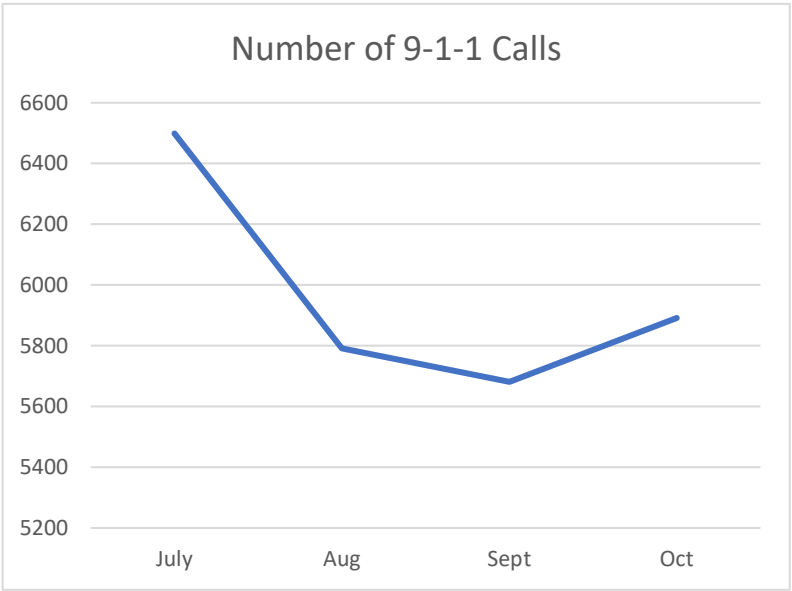

The following offenses are captured by the date they were reported to APD, not the date they occurred. This is in line with NIBRS reporting requirements. The data is preliminary and subject to change so is not official and should not be disseminated without permission from the Chief of Police. There may be discrepancies if prior month report is in draft on the date the data was queried. This document was updated by APD/CAS/ACC on 11/1/2021.

Indicator	July	August	Sept	Oct	Nov	Dec	Jan	Feb	Mar	April	May	June	Comments
Homicide	0	0	1	0									Alexandria has had one homicide YTD, between known parties. At this time last year there were two homicides.
Rape	1	1	0	1									At this time last year there were 12 rapes reported (25% decrease in 2021). The 2021 offenses are all known or domestic-related and four of these offenses involved children under the age of 12. One arrest has been made. Two incidents reported this year occurred in a prior year (2014 & 2017).
Robbery	10	7	7	3									The Robbery rate decreased 11.3% this year (71) compared to last year-to-date (80). There were 59 robberies from person since the start of this year compared to 58 last year. Looking at this year's incidents one is a false police report (gun), with 35 committed by strangers and 23 with known suspects, 9 of which involved romantic or former romantic partners. 20 of the incidents involved firearms and 9 featured suspects armed with knives. Note that carjackings have decreased 62.5% from 8 in 2020 to 3 this year and Commercial Robberies have decreased 38.5% with 13 in 2020 and 8 in 2021.
Aggravated Assault	14	16	32	17									There are 3.3% more Aggravated Assault offenses (victims) this year (186) compared to this time last year (180). 54 of these incidents were captured by officers as fitting the legal definition of domestic (immediate family or cohabitating couples). 80 are closed by arrest and prosecution was declined in 9 additional incidents.
Burglary	15	16	14	6									There are 46.7% more Burglaries at present compared to last year (107). While the rate has slowed from the pace through April, this year-to-date increase is driven by an increase in Commercial Burglaries (77 YTD; 57.1% increase) due to Asian restaurants being targeted early in the calendar year, a Fairfax County-based juvenile crew heavily targeting Northern Virginia in March through May, stealing currency from registers, and residential burglaries (69 YTD vs 44 YTD in 2020, an 56.8% increase and a 9.5% increase over 2019YTD). There does not appear to be a series or serial offender driving this Residential Burglary trend.
Larceny	199	215	231	194									There are 5.2% less larcenies this year compared to to the same time last year. Despite this, Larceny of Vehicle Parts is on the rise with 205 YTD compared to 177 in 2020 YTD (15.8% increase), with Parts thefts valued over \$1000 increasing 29.4% (88 in 2021 v. 68, largely driven by tires, catalytic converters, and airbags). Theft from vehicle offenses decreased 30.2% (425 in 2021 vs. 609 in 2020).
Stolen Auto	18	27	16	29									There are 96 less Stolen Autos this year-to-date than in 2020 (31.2% decrease) and the rate is 6.5% higher than the 2019 YTD rate (199 in 2019 compared to 212 in 2021).
Destruction of Property/ Vandalism	118	80	116	100									Destruction/Vandalism has increased starting in May and is up 9.0% from this time last year (953 v. 874). Graffiti incidents are slightly higher than this time last year with 112 reported YTD compared to 77 in 2020.
Prostitution	0	0	0	0									There were 3 Prostitution arrests at this time last year.
Drug/Narcotic Offenses	18	20	10	15									At this time last year there were 322 Drug/Narcotic arrests, compared to 161 YTD (50.0% decrease). Note that from January through June 2020 small scale (up to 1oz) marijuana possession was still illegal and the law changed July 1, 2020 leading to a drop in drug arrests.
Gambling	0	0	0	0									There were no Gambling arrests at this time last year as well.
Disorderly	7	3	6	8									Year to date in 2020 and 2021 there were 37 Disorderly Conduct arrests, which is considerably less than this time in 2019, which saw 68 (-45.6% decrease).
DWI	16	19	11	24									DWI arrests increased YTD from 123 in 2020 to 171 in 2021, which was expected as COVID-19 restrictions have lightened and nightlife activities expanded their hours and operation this year.
Drunkenness	32	23	35	33									At this time last year there were 232 Drunkenness arrests, compared to 235 in 2021. Note that this is a considerable drop from the same time in 2019, which had 421 arrests (-44.2%). This <i>may</i> be in part because of pandemic restrictions on businesses and changes in individuals' behavior as a result of COVID-19. This may increase as COVID-19 restrictions continue to lighten.
Liquor Law Violation	11	10	10	10									At this time last year there were 78 Liquor Law Violation arrests, compared to 62 in 2021, which represents an 20.5% decrease in 2021. This rate has increased since May's report, likely as COVID-19 restrictions have lightened.

DECC

Indicator	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	March	April	May	June	Comment
Number of 9-1-1 Calls	6499	5791	5681	5892									Several factors affect call volume, i.e. incliment weather, city planned events, time of day which show peak and non-peak times. This includes TXT2911 received and misrouted calls.
Number of emergency dispatches	8354	9062	7226	6912									These numbers represent actual priority 1 and 2 emergency dispatches, this includes CAD2CAD (mutual aid) dispatches and transferred 911 calls received. Pandemic decline
Number of Non-Emergency Calls	22113	21252	21100	20963									These numbers represent calls received from the public for information, CFS that are low in priority, i.e. police report calls and other non-emergency events, including TXT2911.
Average call processing times	2:29	2:15	2:05	2:12									Overall view of emergency calls received and processed, which include performing pre-arrival instructions, nurse triage & pandemic screening etc. not actual dispatches.

The below data is preliminary and subject to change so is not official and should not be disseminated without permission from the Chief of Police. The data capture contains handcounted VUS, eCitations, & PRISM CAD ‘Traffic Stops’ with a disposition of ‘Citation,’ ‘Report,’ & ‘No Report.’ Note that handcounted citations are received monthly so this data cannot be updated until the first or second week of the following month. This document was updated by APD/CAS/ACC on 11/1/2021.
